

Accelerate your deal process securely.

Our global industry-leading VDR is leveraged by investment banks, PE firms and Fortune 1000 companies. Our experts power efficiencies and act as an extension of your deal team. With our transparent pricing, you save time and money.

QUICK

- Get started quickly and easily navigate our intuitive interface
- Upload, download, print, and auto-archive bulk documents
- Get instant insights into buyer behavior

SMART AI

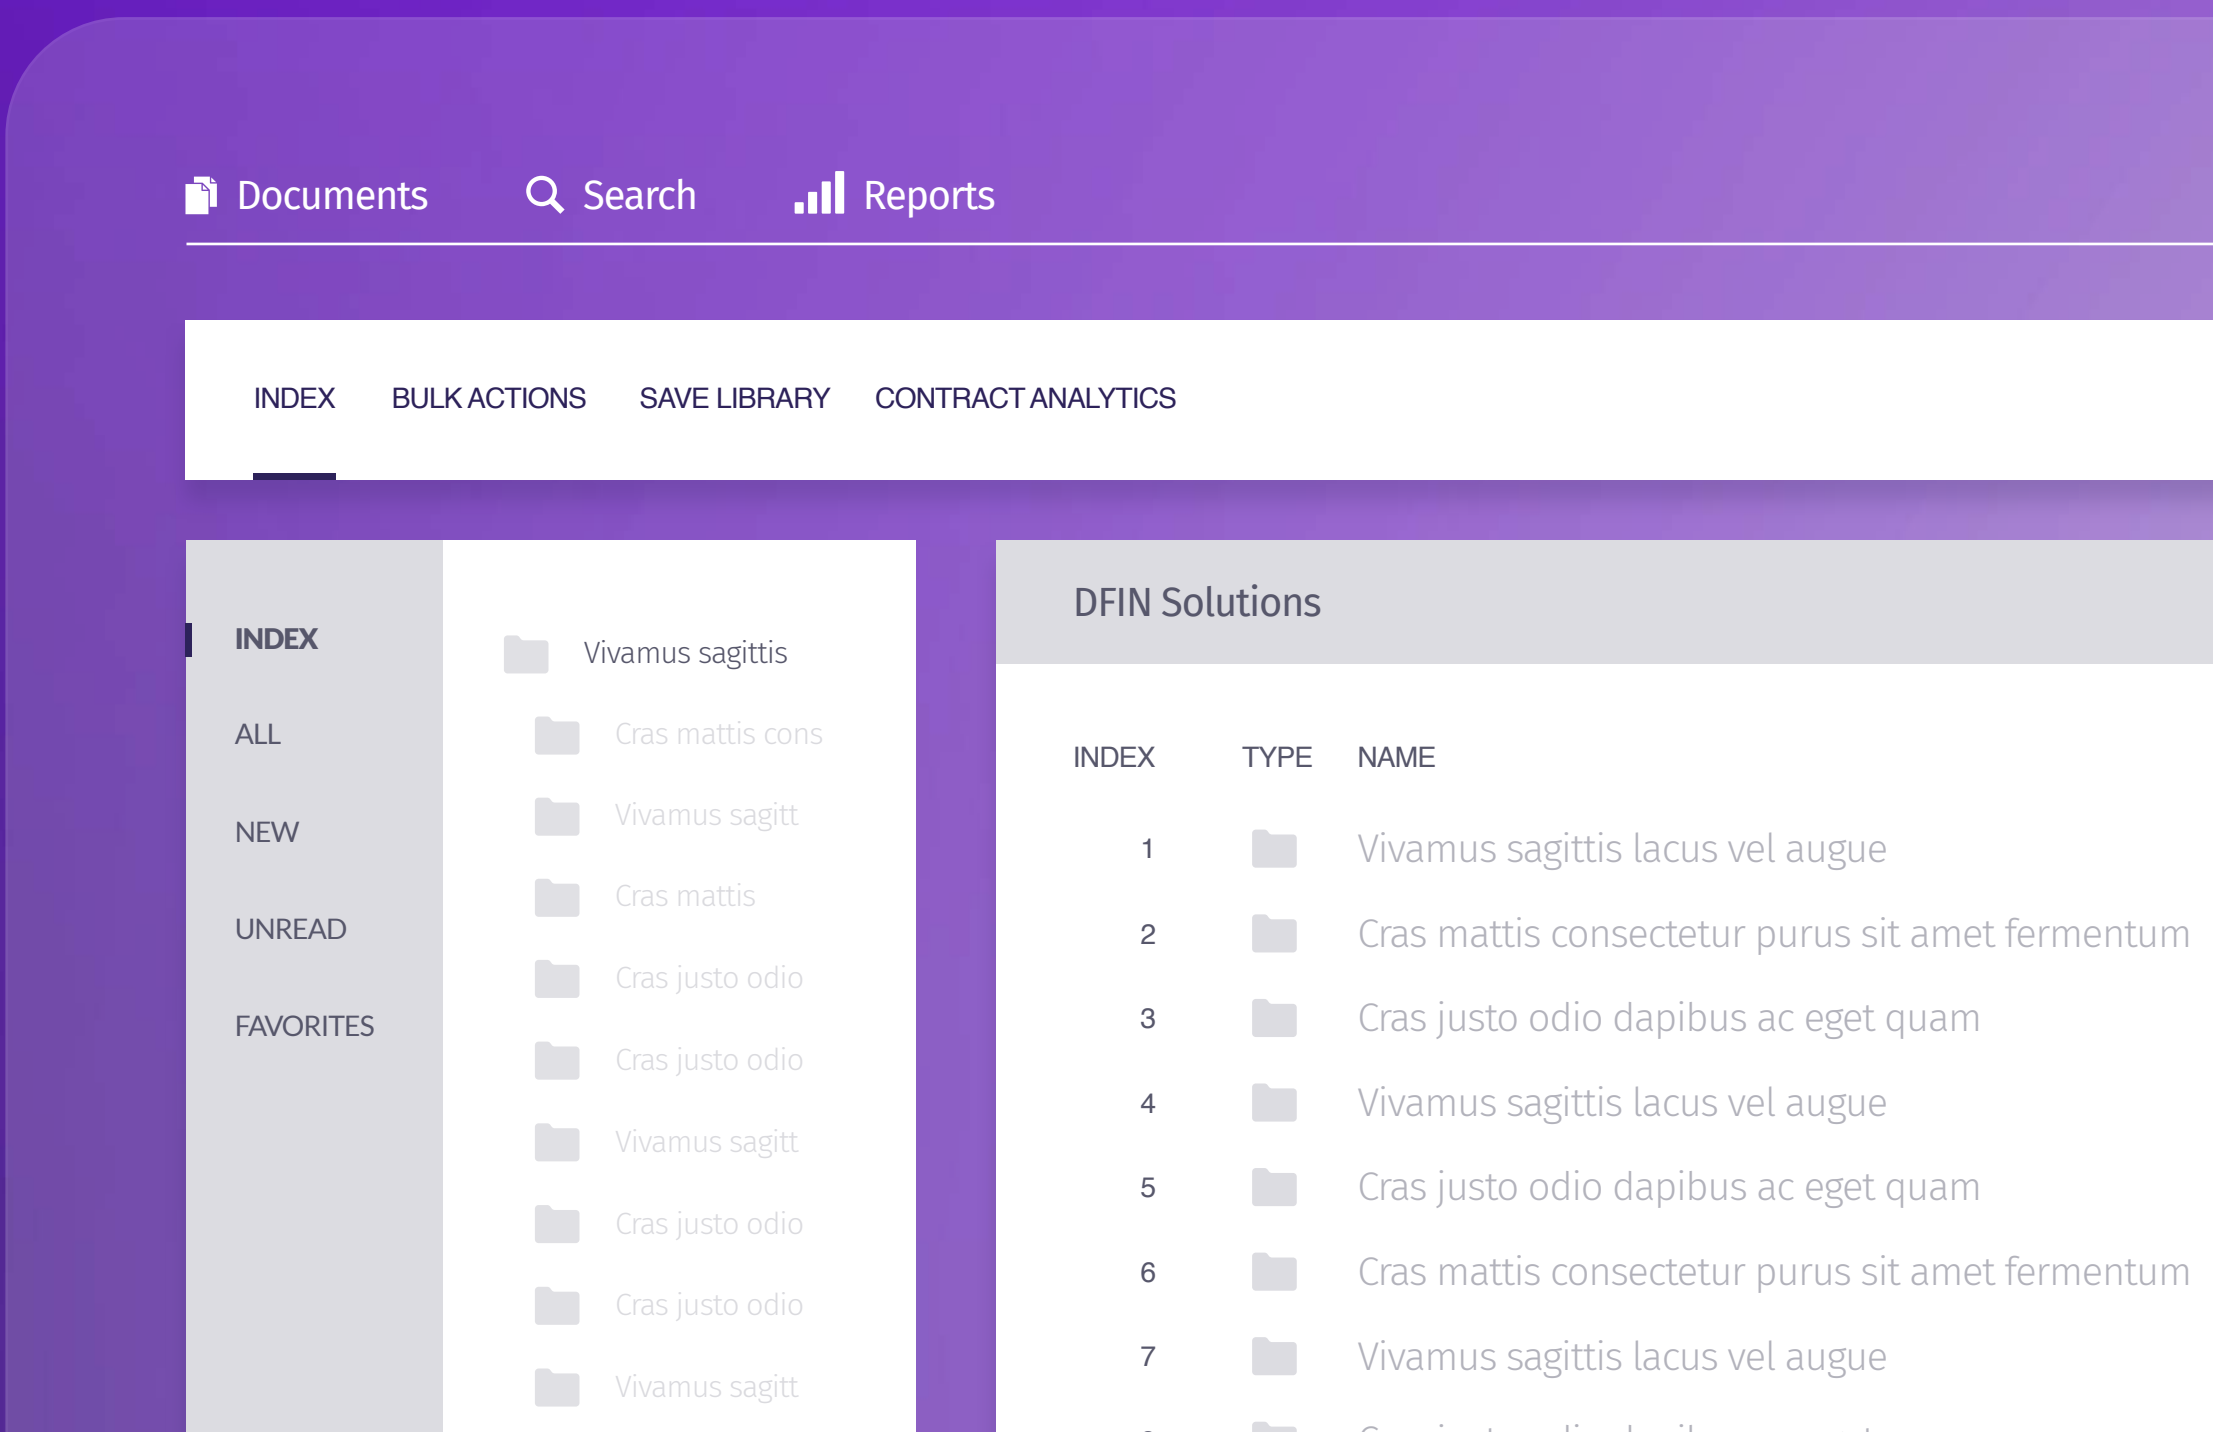

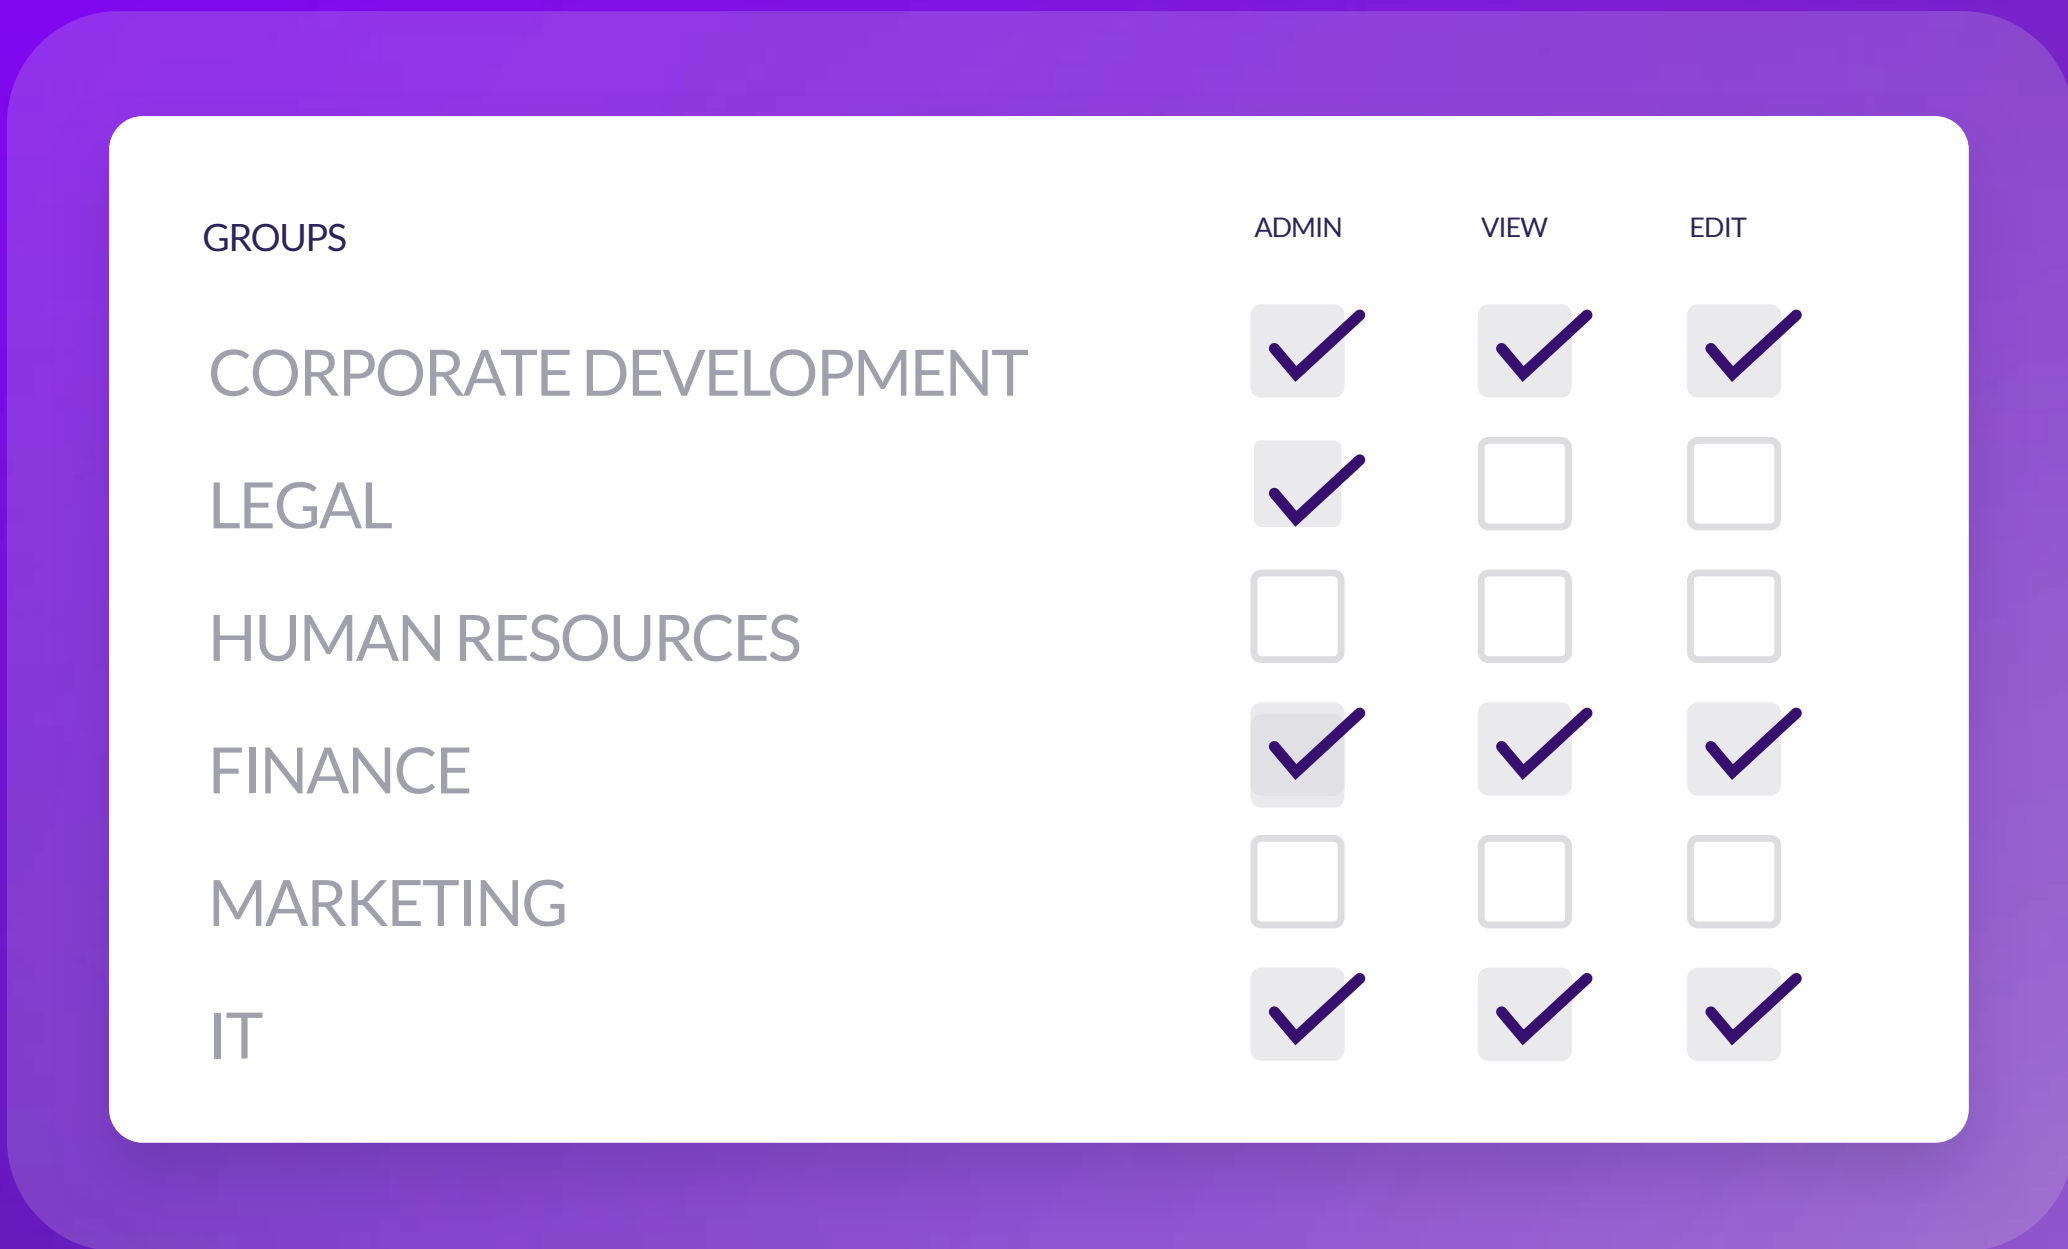

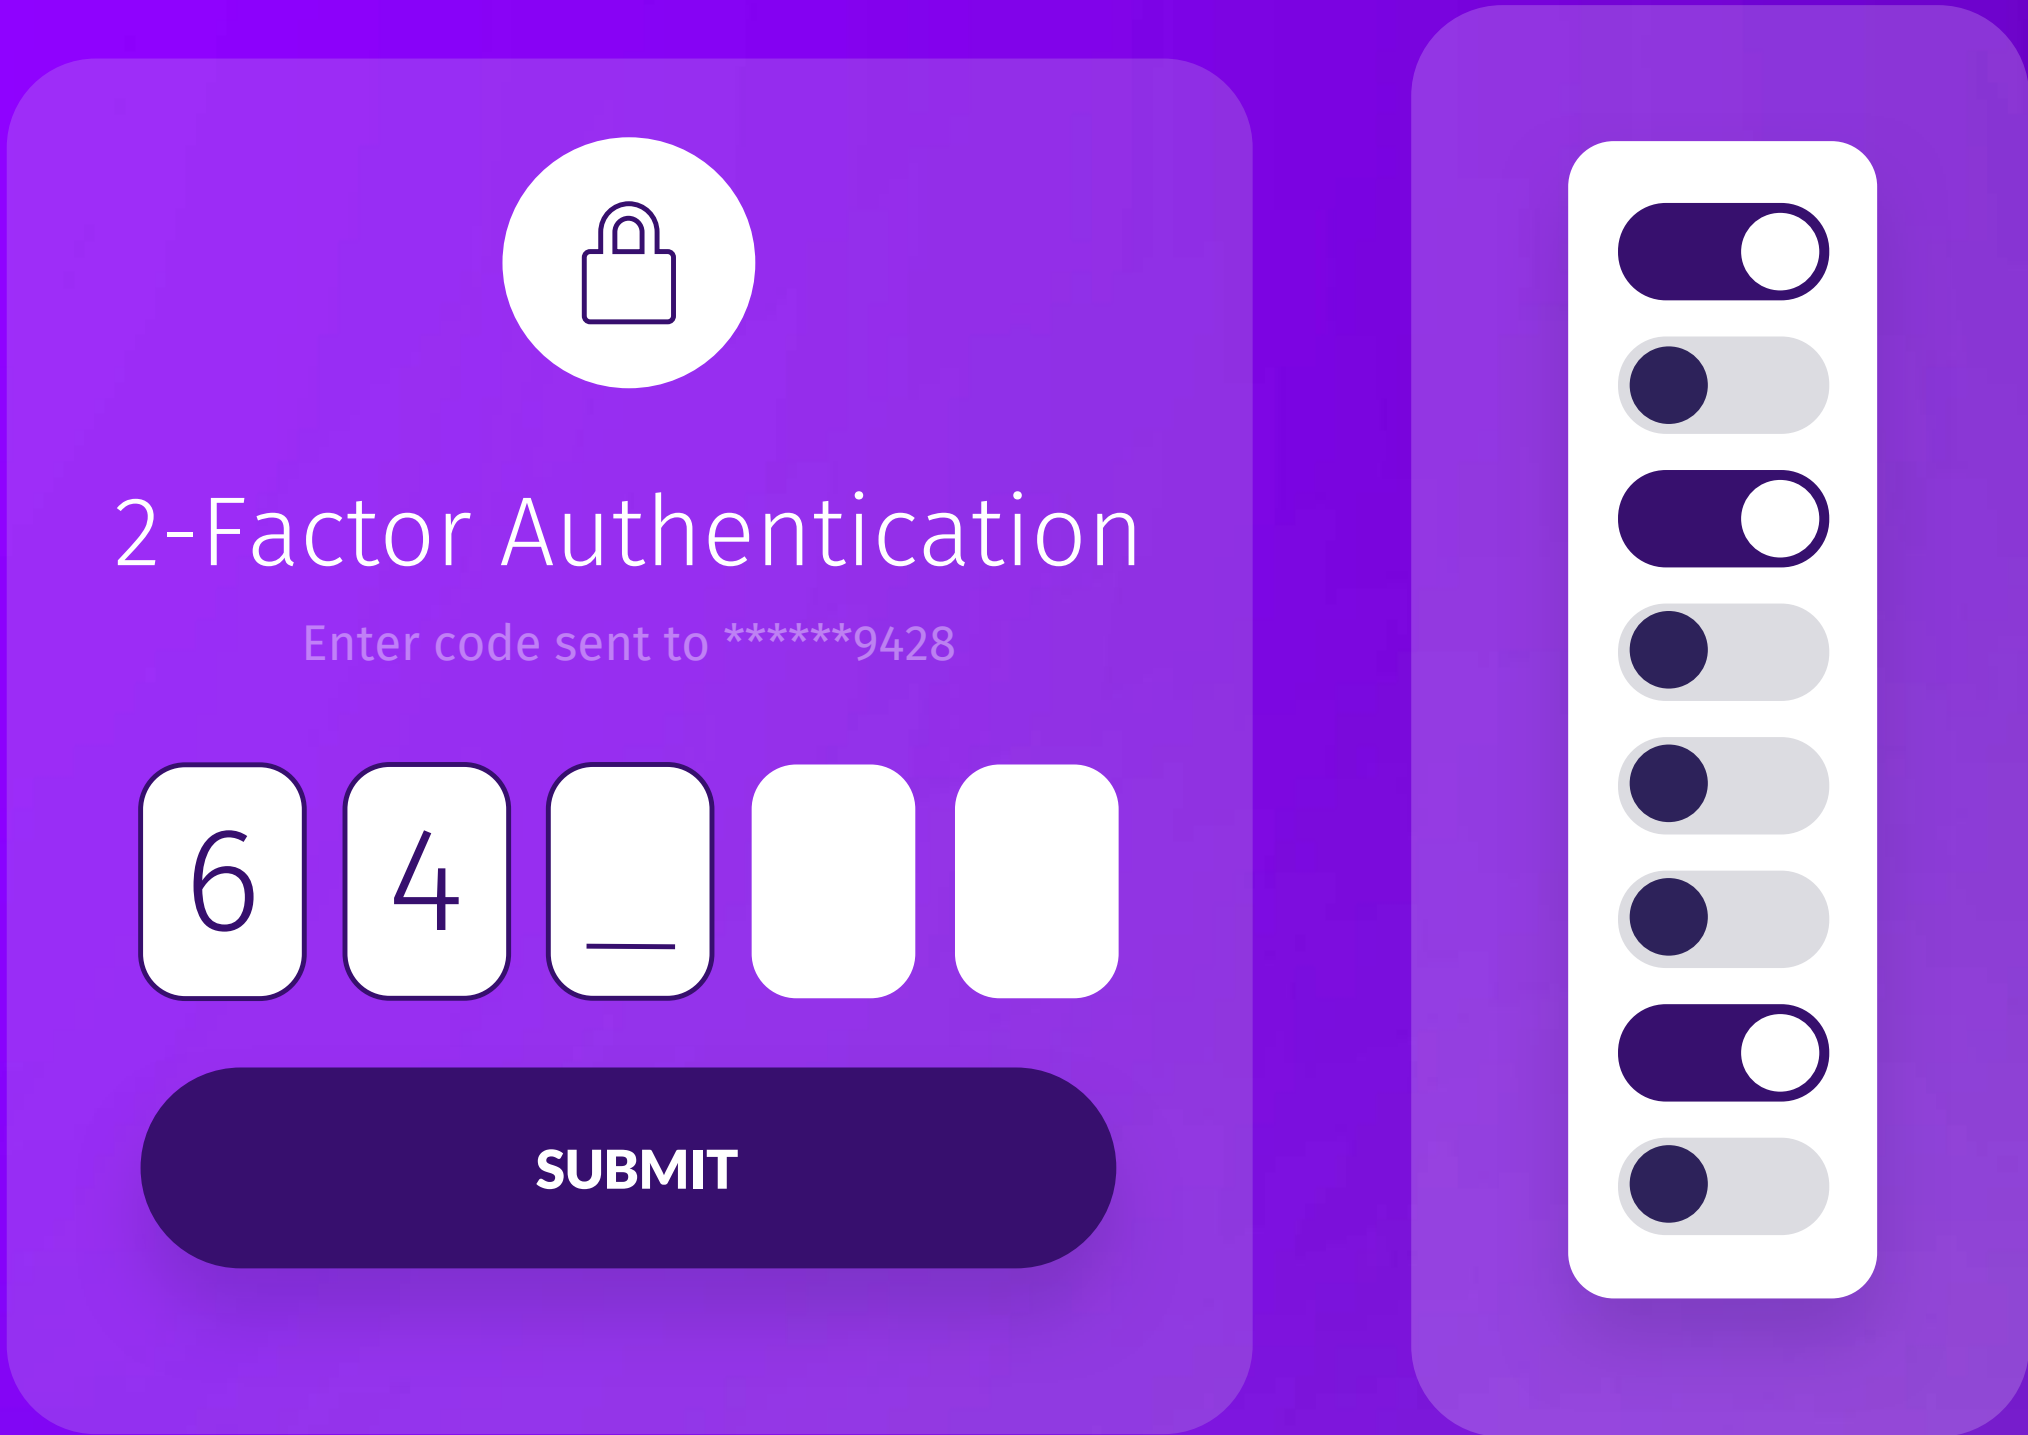

- Analyze 50+ files in less than a minute
- Quickly find relevant provisions
- Extract more than 115 types of data points

INTUITIVE

- Schedule reporting and find accurate analytics
- Optimize follow-up times with buyer information
- Use intuitive permissions system
- Leverage time-saving Q&A

SECURE

- Depend on SOC2 Type II audits and ISO/IEC 27001:2013 compliance
- Protect PII using secure, systematically burned-in auto-redaction
- Report on all redaction activities for extra transparency
- Stay secure with multi-factor authentication and 256-bit encryption
- Comply with HIPAA and CFR Title 21 Part 11 regulations

The virtual data room built for deals.

IT ACCELERATES YOUR DEAL.

Whether you're inside the company dealing with prospective buyers or working through an IPO, Venue speeds the process.

IT GIVES YOU CONTROL AND TRANSPARENCY OVER MULTIPLE DATA ROOMS.

Self-launch new rooms in minutes, view data across multiple projects with a single report, and allow executives to see all projects.

IT'S AN EXTENSION OF YOUR DEAL TEAM.

You're backed by our regionally assigned project manager and 24/7/365 support from financial experts around the globe.

IT MITIGATES RISK.

Assess risk, leverage auto-redaction capabilities and schedule audit reporting to ensure compliance—all within a virtual data room built with the highest levels of security.

IT'S COST-TRANSPARENT.

This end-to-end solution provides value throughout the entire lifecycle of your company, not just for a single transaction.
