

LAW FIRMS & SERVICE PROVIDERS

Accelerate contract review with collaborative intelligence

Our industry-leading, AI-powered contract analytics software leverages machine learning and natural language processing technology to extract key provisions and data points from contracts and other documents – so you can mitigate risk and liability for your clients, increase operational efficiencies, and focus on higher-level legal work.

EASY TO IMPLEMENT

- Cloud and on-premise solutions
- Same-day cloud deployment

FAST & ACCURATE

- Scan 50+ documents within one minute
- Identify risks in deals 30-90% faster than with manual review
- At least 10-60% more accurate - consider us your first-level reviewer

INTUITIVE, ACTIONABLE & TRAINABLE

- Extract tables, compare language and group related documents
- Export actionable summaries to Word, Excel or your contract management system
- Train AI to extract custom provisions and data points

SECURE

- Bank-grade security
- Powerful encryption
- SOC 2 Type 2 certification

Why bring AI on board?

IT OPTIMIZES EFFICIENCIES FOR YOUR BUSINESS.

Get your best people focused on more meaningful work - with the efficiency of automated contract review. Efficiency gains mean writing off less time as well as better margins on flat-fee arrangements.

IT'S FAST AND ACCURATE.

Experience greater speed and accuracy with AI-powered contract analysis. By putting eBrevia to work vs. manual review, one law firm completed a project 76.2% faster with significantly more accuracy.

IT'S AN EXTENSION OF YOUR REVIEW TEAM.

Fluent in multiple languages and designed by attorneys intimately familiar with the contract review process, eBrevia comes with 24/7/365 user support and dedicated, expert project manager support from industry professionals who understand your business.

IT'S COST-TRANSPARENT.

eBrevia is built to do business in bulk, meaning you pay one price based on a set number of uploads. And if your team needs more, no matter, we make it easy for you to add on without slowing the review process.

IT'S EASILY INTEGRATED AND CUSTOMIZABLE.

eBrevia integrates with many of the leading collaboration platforms, including Venue/VDRs, iManage, Salesforce, Box, SharePoint, and more. Plus, make eBrevia your own, more easily, with a robust open API for customizable integrations.
